expect more

## CLIENTS

Our clients are spread across various industries and it's due to this diverse knowledge pool attained from working on each one of these unique projects have we attained the level of versatility and reputation needed for future referrals. Banking, manufacturing, retailing, telecom, software, FMCG these are just some of the realms we have executed projects for our clients in and some of our prestigious clients include Lucas TVS, Brakes India, Caterpillar, MRF from the Manufacturing Industries

and HCL Technologies, Polaris and Thinksoft from the software industry. In the services sector we have completed projects for the GRT group of hotels and our banking experiences include projects for IOB, City Union Bank and KVB. Anna University-the apex body for engineering education in our state had also commissioned us to execute their connectivity project besides BSNL and Henkel India.

## PARTNERS

As an alliance partner, we offer you unlimited opportunities for growth. Our efforts are constantly directed towards improving service, quality and a higher plane of involvement in our business relationships, which have helped us rise to the top of our industry.

Some of our key partners include some of the world's leading IT infrastructure brands, Like Cisco Systems for whom we are Premier

Select Partner & Security Partner. Fourth Dimension has also been awarded Cisco Security Specialization and Cisco Wireless LAN Specialization certifications, making us the only partner in South India with these credentials. IBM has chosen us as their Authorized Business Partner and we lead in sales of their high-end servers and Intellistations.

We have partnered with Sun Microsystems for their UNIX range of servers and workstations.

As velocity partners for EMC leaders in information storage and management, we are at the core of every organization where our mission is to help them manage, protect and safeguard their assets effectively. Finally 4D as a Team Veritas partner complements a broad range of storage devices by offering Veritas software that provides IT managers with solutions for continuous data access, availability and protection.

We are also tied up with HP for their enterprise computing products, Trend Micro for Antivirus solutions and Systimax and Tyco Electronics for Cabling solutions.
